- III. Ponencias del Pueblo - Public Hearing #5 .....4

## I. Introduction

Through a robust public information campaign, individuals and organizations were encouraged to submit three-minute videos or executive summaries presenting their mitigation projects and proposals. Acceptable videos were aired during the fourth and fifth public hearings broadcast on WIPR.

The public was provided with a helpful guide on how to record a video for television broadcast using personal devices (cell phone, tablet, webcam, etc.), instructions on how to submit a video, and guidelines regarding acceptable language and video content.

The submission for *Ponencias del Pueblo* was available to all entities and citizens that had an interest in submitting a proposal for CDBG-MIT.

The aired *Ponencias del Pueblo* from the 4<sup>th</sup> and 5<sup>th</sup> Public Hearing will be listed in the order they were broadcast in the next section. In addition, the timestamp in which the video or proposal appears has been provided to facilitate the viewing. Please use the following links to access the *Ponencias del Pueblo*:
